

Submission Answer files to Output folder

1. Fill your **studentID** or **name** to submit your answer file. Click “**Show Record**” button.

The screenshot shows a web browser window with the URL `localhost:3000/java_programming/Java_CWP_basic`. The page contains a table with 11 rows of questions. Below the table is a 'Submission' section with a text input field containing '43M21510', a 'Show Record' button, a 'Your Record' box, and a 'Save' button.

3	CodeCorrection1	
4	CodeCorrection2	
5	IfAndSwitch	
6	EscapeUsage	
7	ReturnAndBreak	
8	OctalNumber	
9	Hexadecimal	
10	MaxItem	
11	MinItem	

Submission

1
43M21510

2
Show Record

Your Record

3
Save

2. Click “**Save**” button when you see your answers in the Record box and click “**Ok**”.

This screenshot is similar to the first one, but the 'Your Record' box now contains the following text:

```
2021-06-10 3:07:31 PM =====  
2021-06-10 3:07:31 PM 1. Preparing to test topic: Java_CWP_basic  
2021-06-10 3:07:31 PM =====
```

The rest of the interface, including the table of questions and the submission form, remains the same.
